

CELEBRATING PEACE, HERITAGE AND 70 YEARS OF PAKISTAN

CHILDREN'S LITERATURE FESTIVAL-WALLED CITY, LAHORE

Dear Educators,

It is with great excitement that the Walled City of Lahore Authority and the Children's Literature Festival announce their collaboration for the first CLF to be held in the Walled City of Lahore from the 12th-14th of January, 2018!

As befits the historic venue of the festival, the theme for this year is: Celebrating Peace, Heritage, and 70 Years of Pakistan-***Opening the gates of the Walled City***, Lahore.

CLF is a child-centered event that intends to provide an interactive and happy stress free learning environment to children, teachers, and families from ALL schools and backgrounds without any discrimination and bias. Yes CLF is an EQUALIZER!

To make this experience a sustainable social movement, CLF Requests YOU to help us Discover Young Budding; **a) writers, poets, b) artists and c) singers/musicians, and story teller** from your student body. Yes we are in search of Young Talent to be showcased at the CLF & display their work.

Age group: 4 to 18 years

CLF would like to celebrate all forms of creative expression-there are no limitations on the type of art material or length of written expression to qualify for display at the final event.

We only ask that the entries should be original work produced by the students themselves. The more imaginative, original and wackier, the better!

Deadline is December 21st, 2017
